

Glass Installation Instructions

A11

For Pendants and Lamps using Glass Bowls

Caution: Do not exceed maximum wattage noted on fixture. Use only recommended bulbs with fixture.

For fixtures requiring assembly, please refer to assembly instructions before installation.

Component Parts

- A Nut
- B Plastic Washer
- C Rubber Washer
- D Glass Bowl
- E Vase Cap or Leaf Assembly
- F Threaded Ball
- G Nipple

To Install

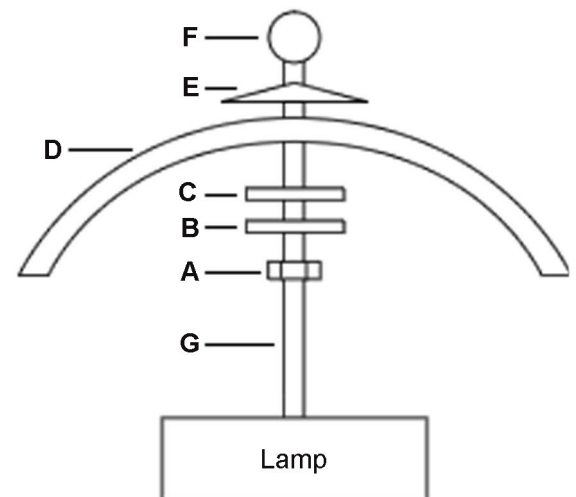

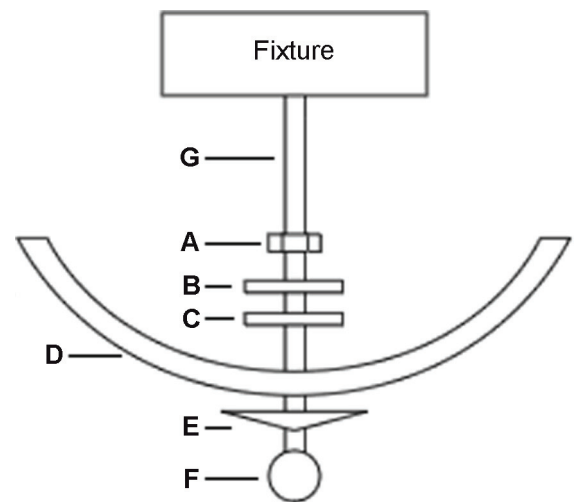

For Pendant style ceiling fixtures, please refer to fixture installation instructions before installing glass.

1. Place Plastic Washer (B) then Rubber Washer (C) over Nipple (G) against Nut (A).

Note: Rubber washer fits snugly to hold plastic washer in place.

3. Place Glass Bowl (D) over Nipple (G) against Rubber Washer (C) and secure with Vase Cap (E) and Threaded Ball (F). It may be necessary to thread Nut (A) up or down the Nipple (G) to allow Threaded Ball (F) to securely fasten to nipple.

Note: Leaf style pendants use the Leaf Assembly in place of the Vase Cap.

If you need further assistance, or find that you are missing any parts, please contact the dealer from which you purchased this product. We hope you enjoy your fixture!
